\$467 (incl GST)
Register NOW

Early bird and discounted rates available. [Click here for more info.](#)
No further events are scheduled for 2016. We may however, be able to customise a workshop for your colleagues, university or company. [Contact us](#) to discuss your requirements.

Learn and apply real skills at the most comprehensive image interpretation workshop around!

Patient first

At Egg Cup Training, the safety of our patient in the ED is at the centre of everything we are about. Learn how to find and how to communicate trauma pathology on plain x-rays.

A different experience

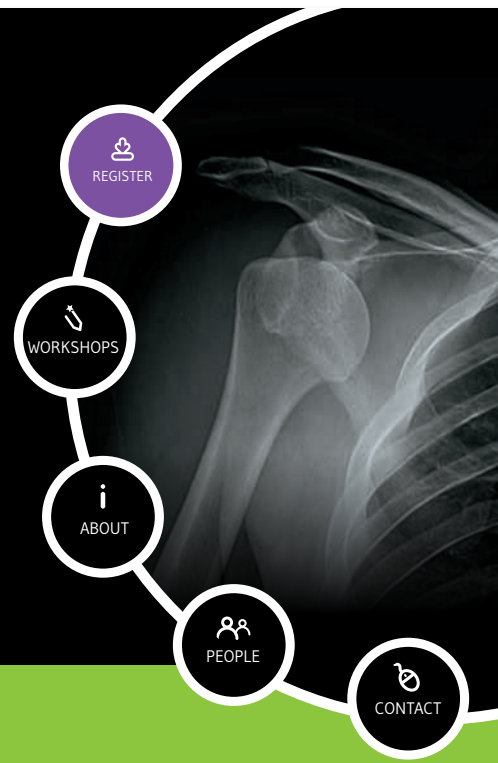

Workshops are innovative and highly interactive. You will view hundreds of high quality digital images on tablets. You will practice your new skill alongside a minimum of 2 expert facilitators. Numbers are small, the environment relaxed and friendly. This is not about memorizing pathology or relying on pattern recognition. Uniquely, you will walk away with real practical skills you can apply immediately.

Tailored for you

Clinical assessment and treatment, orthopaedic referrals, red dot systems or radiographer commenting. Whatever your role in the care of the trauma patient, Egg Cup Training will 'Make your opinion count'.

SPECIALISING IN THREADING AND EYELASH EXTENSIONS

Threading is traditional Indian style eyebrow shaping using a cotton string, which gives a more defined and precise shape. Threading is more hygienic and cheaper than waxing and can also be used to get rid of unwanted hair from other parts of the face.

Many other herbal beauty services offered.

Installing a solar system

Save on powerbills and add value to your property

ELECTRON BAYSIDE - SOLAR, AIRCONDITIONING AND ELECTRICAL

We are a local, small scale and personal business in Bayside Brisbane. We take pride in our work and we will look after you. We have experience in all aspects of solar panel installations (off grid and battery too) throughout Australia, domestic, commercial and government solar systems. All types of airconditioning (incl ducted) and electrical jobs, pre-wiring, adding or fixing current electrical, just let us know, we are happy to help!

Having two teams means that we don't have a large overhead (= affordable), but it also means that we are able to handle smaller and larger jobs in a timely and professional manner. We will listen to your requirements and preferences and give you the best advice we can. We believe in personal service and in delivering quality work. If something is not advisable or doesn't give you the required results, we will tell you! No beating around the bush, there is more to life than profit :-).
